

**WILL MAKE A HOWL**

**Indignation Meeting Called by the Dissenters.**

**DEMOCRATS ARE INDIGNANT**

**Federal Distribution of Favors Not At All Satisfactory—Because of the Trouble.**

Democracy in Grand Rapids is on the verge of a volcano that is on the verge of an eruption that will hurl hot rocks and cinders on the heads of the democracy of all Michigan.

It is an open secret that the appointments, both federal and otherwise, have been in accordance with the ideas of the working side of the democratic party. The reason is plain. A man has been appointed umpire of the game in the neck of the woods who at first refused to subscribe to the democratic campaign fund last fall, and who at last he subscribed he gave but a pittance \$25. Such a man has but little regard for the worker in any party. But by some subtle manipulation of the wires he has worked himself into the good graces of the high and mighty. Don of Detroit, and without regard to results has dispensed the pay to those who suited him personally. The policy of a man who gave but \$25 to the fund in a general hurried to the good of the cause does not generally tend to good feeling and harmony.

A little history will make the situation appear somewhat strange and at the same time show why there is dissatisfaction. At the time of the state convention in Muskegon to elect delegates to the national convention, Edwin F. Uhl was a candidate for election as a delegate. N. A. Fletcher, a friend of Mr. Uhl, said to the latter: "I understand you are a Don M. Dickinson man. If that is so I do not support you." Mr. Uhl told him that he was a friend to Don M. Dickinson, and with that answer Mr. Fletcher worked against Mr. Uhl. Thus passed and Grover Cleveland was elected. Edwin F. Uhl is turned down. His candidate for collector, Andy Shaffer, is turned down, and Andrew Pyfe, the friend of N. A. Fletcher, is appointed. This was not considered a serious mistake owing to Pyfe's personal popularity.

The cause of the appointment of internal revenue collector and W. H. Weston and John Farr were turned down and N. A. Fletcher's candidate, General Israel C. Smith, was appointed to the disgrace of nine-tenths of the democrats of the city and many outside democrats.

A howl was raised and a meeting was held to see if by the appointments of assistant collectors the breach could not be healed. Unfortunatly Fletcher did not feel equal to the occasion so he called in Dr. Watson of Coopersville, and Thad. B. Preston to aid him out of his dilemma. With their aid the kickers were trodden under foot and L. A. Re. Van Dugteren was made first assistant and Paul Martin second assistant. The democrats raved and swore but it did no good. Then Van Dugteren resigned. It is said because the salary was not large enough, but the howlers say that howl brought about the change. But, oh! what a change. The howl was augmented to a roar when General Smith informed them that James B. Smith, the man who has held the place through democrat and republican administrations for twelve years, would again assume the place.

The leaders of the opposition at once began talking of holding an indignation meeting. At first it was thought best to call a meeting of the Jefferson club but it was urged that this club was looked upon as a "gang" which did not represent the democracy of Grand Rapids at all. It was therefore decided to call a meeting of the democrats of Grand Rapids to meet in the Jefferson club rooms Tuesday evening next. What will be done at the meeting is a matter of speculation, but it is fair to presume that the picture of Dan M. will be turned to the wall and incense will be burned on the grave of David Hill. At least the meeting is the one subject of conversation in democratic circles and the little club rooms will not hold "de-

grees."

**CHURCH DEDICATION.**

**Formal Services Conducted in Calvary Church Yesterday Afternoon.**

Pretty little Calvary baptist church, at the corner of South Ionia street and Sixth avenue, was formally dedicated yesterday afternoon, and the Rev. Jabez Snashall is the happiest minister in the city. The church is a neat and pleasant little structure, and has been unoccupied for months. The pastor has worked untiringly in his efforts to finish the building. Seven weeks ago he was seriously injured by a fall received while assisting in painting the church. Three services were held by the congregation yesterday. The interior of the church was prettily decorated with flowers and autumn leaves, and the altar banked with many hood roses. The morning service was conducted by the pastor, and consisted of the usual responsive reading, scripture lesson and sermon, with music by the choir. The dedicatory services proper were held at 2:30 o'clock in the afternoon. The Rev. L. Buttler offered the invocation and the pastor read the scripture lesson Exodus xxv. The choir sang "O, Be Joyful in the Lord." Short addresses of congratulation were made by the Rev. John L. Jackson of the Fountain street baptist church and the Rev. John Heritage of the Wealthy avenue baptist church.

The Rev. C. E. Conley of Detroit delivered an inspiring address and congratulated the pastor and congregation upon their work. The dedicatory address was made by the Rev. Jabez Snashall, pastor of the church.

The evening service was conducted by the Rev. C. E. Conley of Detroit, the Rev. S. L. Hamilton of the Ames M. E. church reading the scripture lesson. At the close of the service applicants for membership were baptized and received into the church.

**ANATHEMATIZED CIGARETTES.**

Dr. Gardner Would Prevent the Sale of the Filthy Rolls.

In the course of a masterful address delivered at the o'clock meeting of the Y. M. C. A. yesterday, the Rev. Dr. Washington Gandy of Albion college paid his respects to the seductive cigarette in language that met the unqualified approval of 400 young men. Dr. Gardner took his subject from the text: "Every man that striveth for the mastery is temperate in all things." He argued that while temperance is one of the greatest of virtues, the foundation of temperance in all others, yet even temperance is not at all times sufficient. Then he suggested cigarette smoking as an awful example of the cases where temperance is not sufficient. Nothing but total abstinence can cope with the vice-painted hand made of all vice. Dr. Gardner said there are laws against cigarettes in some of the states; and he hoped to see the time come when the manufacture and sale of the drugged and diseased messengers of ill health would be prevented in Michigan. In closing his address, Dr. Gardner paid a beautiful tribute to Christian manhood and Christian purity in word, deed and thought.

**Things Worth Remembering.**

When you feel a kind of giddiness about the stomach it is a sign that your food does not sit well and that you are about to have a fit of indigestion.

When you begin to feel nervous and are unable to sit comfortably, when your clothes suddenly seem to lose their fit and become too tight in places the fit of indigestion is surely upon you.

When this fit of indigestion is repeated from day to day it finally resolves itself into dyspepsia.

Remember that three to ten of Bradeth's pills will cure the worst case of indigestion or dyspepsia, of both, and that a regular course of them may two every night for a week or ten days, will act as a preventative of either complaint.

**Resolution of Thanks.**

Grand Rapids Typographical union No. 38, at its regular monthly meeting held October 9, 1893, passed the following resolution:

Resolved, That we extend our thanks to Valley City Lodge No. 86, F. & A. M., for performing funeral ceremonies and furnishing and opening the grave of our late president, M. E. Boland; also to Custer Post, G. A. R., for turning out with their colors and for other tokens of respect.

**Safety From a Periodic Scourge.**

Do you want to be insured, dweller in a malarious region, against the periodical scourge which threatens to assail you in the form of chills and fever or some of the forms of miasma-borne disease? It goes without saying, that you do. Then, instead of using quinine or other alkaloid and mineral drugs which merely relieve and are always detrimental to general health, seek aid where it is always forthcoming—from the thorough preventive and remedy, Hustler's Stomach Bitters, which, in regions where malaria is far more violent and prevalent than it is on this continent, eradicates it completely from the system. Billiousness, dyspepsia, constipation, kidney and nervous complaints, all are removed by this medicine, among the maladies to which the national tonic and corrective is adapted. Physicians everywhere know its genuine worth.

**Songs for the Prohibition Club.**

Musical selections were rendered by the quartet, and Mr. Head delivered a brief address. The quartet gave concerts in the suburban towns last week under the auspices of the club.
